**TOPICS FOR DISCUSSION**

**ADMINISTRATIVE BUSINESS:**

**DECISIONS AND RECOMMENDATIONS**

There was not a quorum present for the meeting therefore, the minutes dated 5/15/2007 were not able to be approved.

**MINUTES:**

**BUSINESS FROM PREVIOUS MEETING:**

A recommendation was made to send a letter to Dr. Max Jones for his resignation from the Board.

**PROBATION INTERVIEW:**  
**William Martin**

Dr. Gold conducted the interview with Dr. Martin. Dr. Martin stated PICA has no re-education program. Dr. Martin said he has tried to contact Dave Edwards, of the Utah Podiatric Association, by phone and also has sent letters. He has had no response but feels that Dr. Edwards is avoiding him. Dr. Gold suggested that he

get the names of the other members of the Board of UPMA and send a letter along with the letters sent to Dave Edwards.

Dr. Martin submitted an educational plan from CPEP. Dr. Gold reviewed the plan. Dr. Martin mentioned the CPEP evaluation has never been reviewed with the Board. Ms. Baker stated the Board usually does not get involved in the CPEP evaluation because the re-education prescribed by CPEP is stated in the Order. In the past, the Board only monitors the compliance to what CPEP recommends. Dr. Martin feels their motive is to make a long education plan to receive more money. Ms. Baker explained that the Division has worked extensively with CPEP for many years and has noted them to be reputable and focused on providing assessment evaluations for various physicians throughout the United States. They are indeed a for-profit organization, but their costs are in-line with other such assessment evaluation companies throughout the country. Dr. Gold asked how many charts they reviewed during the evaluative process. Dr. Martin did not know. He believes he submitted about 60 charts and CPEP reviewed certain ones. His best guess would be around 20 surgical patients. Dr. Martin stated he does not want to do surgeries any more. Ms. Baker discussed the learning objectives that were set up by CPEP and none of these included surgeries.

Dr. Martin stated he has submitted to the Board the types of procedures he has been doing with Dr. Richmon. Since Dr. Martin stated that he cannot afford to complete the education portion of CPEP, Dr. Gold suggested Dr. Martin make a plan with his patients and look for results. Ms. Baker discussed with Dr. Martin the evaluation recommendations found in the CPEP education plan. The Board needs to see what he has learned from working with Dr. Richmon with regard to his practice. She stated the Board will allow Dr. Richmon to write a summary and Dr. Martin write what he has learned. The Board will follow up on the education plan from CPEP. Dr. Martin is asking the Board to look at the plan and what pertains to him and what does not. He would like the Board to look at the plan in a clinical prospective. Mr. Gold is asking for patients and the learning process. Ms.

Baker was in agreement with the charting courses submitted by Dr. Jones. A supervisor report from Dr. Richmon will be required. The Board was reminded that all Board business must be conducted in the Board meeting. Dr. Gold will discuss Dr. Martin's charting at the next meeting after he has had a chance to review them.

Business :

F. David Stanley discussed the definition of supervision and supervisor. He is asking the Board to look at this and make recommendations to DOPL. Dr. Gold will get back to Diana before September 15.

**ADJOURN:**

A motion was made by Dr. Gold to adjourn.
